

The Zurich Seville Marathon, after receiving news of cancellations on trains scheduled for next weekend, has decided to give those affected the option of transferring their race number to the 2027 edition.

A form has been made available on the official website www.zurichmaratonsevilla.es so that participants can submit and verify the necessary documentation to transfer the slot to 2027.

The change must be notified before Thursday 12 February. Important: once the change request has been made, it will no longer be possible to collect the race number for the 2026 edition at the runners' expo.

We join in the profound grief for the victims and injured in the traffic accident in Adamuz, their families and friends, and we will observe a minute's silence before the start of the race this Sunday in memory of those who have died.

We would also like to express our solidarity with those affected by the floods on our region.
